I am thrilled to be continuing as the substantive and only headteacher for the school next year. I currently work on a National Oasis Role on Tuesdays and Fridays as a secondment type role. On these days I am in full communication with the leadership team and available to support and advise as needed, Miss Pope or Miss Parsons are out of class as Assistant Principals. This current set up has enabled us to release Mrs Wright from a class responsibility so we have more SEND and leadership capacity to support me and our Assistant Principals.

You will notice that many of the staff have National Roles (listed above). Staff have been chosen for these roles due to their leadership and understanding in these areas. These roles also provide the Academy with much needed extra funding as well as excellent training for staff. Staff work on these roles one day a week. We are lucky that Ayesha Iqbal covers our NLPs when they are out of class. Mrs Iqbal is a member of our staff who attends all training as part of our staff team.

Y1-Y6 PPA (teacher's planning time) will continue to be covered by Mrs Lennox and Mrs Giles who will cover IT and PE in these sessions. Mrs Wright will also support in Y4 during planning time with Reception and Nursery planning time being covered by Mrs Iqbal.

As ever, if you have any questions about staffing please do get in touch via the info@oasisbankleaze.org account.

Kind regards,
