

GOODBYE SWIMMING POOL!

We are very sad to say goodbye to the swimming pool today! It has been one of the best experiences we've had at Oasis Bank Leaze. We have noticed the water confidence of the children has been so much better than when we've taken the children to Henbury and the swimming distances we've had have been the highest we've ever recorded. A huge thanks to you as families for supporting this, nursing the colds and showing such commitment- we couldn't do it without you. Also a huge thanks to Mrs Giles and Mr Pacheco and all the staff who have certainly put in an extra shift to make the pool work- we are so grateful to all of you!

GLOBAL GOALS CHANGEMAKER EVENTS

This week years 1-5 have been taking part in their changemaker events to contribute to our global goals learning.

On Monday, Year 3 took part in a litter pick. With the help of Donna, the local community worker, Year 3 went round the local area and collected 10 full bags of rubbish. This helps GG14, life below water as it stops the rubbish going into the ocean. On Thursday, Year 5 helped around the school, to earn money for the toilet twinning project. In Year 5 we are learning about GG6 clean water and sanitation. We learned that some countries do not have access to toilets and with toilet twinning you are able to sponsor a toilet for a community. It costs £60 and we earned £10 from each class from Reception to year 6. The children did a fantastic job.

This week, Year 2 have been raising awareness of the importance of good health and wellbeing as we are studying GG3. We know that exercise is both good for our minds and our bodies. Therefore, we designed and created our own Yoga instruction video. Visit our Year 2 class page on the school's website to view our video. We have also painted positivity pebbles to help with people's mental wellbeing. Look out for these around the school.

On Thursday, Y4 made posters spreading awareness about deforestation. Earlier in the year, we planted new trees for our school, and we wanted to make sure that everyone knew how important trees are for our ecosystem. We made colourful posters to attach to our trees to protect them and let everyone know interesting facts about what trees do for our world.
